

Missouri Music Educators Association

A Federated State Association of the National Association for Music Education

MMEA Listening Committee Preliminary Ranking Form

For use by Orchestra, Band, Choir, and Jazz committees.

Listen to recordings beginning with middle school then high school grouped from smallest school classification to the largest (1A, 2A, 3A, 4A, 5A), concluding with College/University. When all the recordings in a category (i.e middle school, or 2A) have been evaluated, each adjudicator will use a separate sheet of paper to rank those ensembles that achieved conference quality, up to a maximum of six or seven ensembles. Then the panel will discuss and complete a group ranking to be listed below. At the conclusion of the listening process, this ranking form will be utilized by the panel to determine the final list of ensembles selected, and will be given to the MMEA Vice-President at the conclusion of the listening session.
